

1996 Ibanez  
Supplementary Limited Edition

**Ibanez**

In addition to the Ibanez 1996 regular line, here we are introducing supplementary limited edition of the RG guitar models. You will find various features of the new RG guitars, which you would have been longing for.

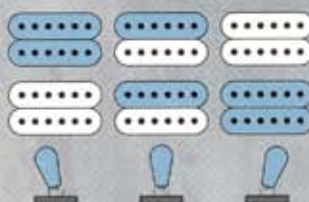

The RG620BMSOL comes with a selected Burl Mahogany top. A combination of the QM1/QM2 humbuckers with a 3-way toggle switch offers 3 humbucking noise-free positions and a variety of sound.

We are very proud of offering the RG527RLTD model to the pure headbangers. It is featuring the cool looking reverse headstock and unique hologram sharktooth position mark. BP(Black Pearl) finish is also very attractive on stage.

The RG420BK is a very affordable double-locking tremolo axe. The LO-TRS tremolo unit enables you exciting tremolo actions with the tuning stability, and the direct-mounted INF1/INF2 humbuckers produce great tone and sustain.

The RG270DX is a well-made alternative to the high end RG models. It is equipped with the single-locking tremolo for stable tuning and featuring the cool looking sharktooth position mark.

In 1996 Ibanez have introduced a wide range of the SR basses from the Prestige, top of the line, to the bottom. Here we are pleased to offer you more variety of choice in body materials, great sound characters and also visual beauty.

The SR1500KR and SR1100QM come with selected exotic Karin and beautiful Quilted Maple on Mahogany body. The Ash body SR490NTM offers you an natural wooden feeling and a tight bottom line in such an affordable price range.

Every SR bass is equipped with the SR standard VARI-MID 3 BAND EQ. or EQB-3 3 BAND EQ.,
